How can FMs support the United Nation's UN2030 Sustainable Development Goals?

Join the Sustainable FM Virtual Summit and you will:

- learn what the UN's 17 Sustainable Development Goals (SDGs) are and how they apply to FM
- hear how environmental innovators are designing new technologies and practices which are changing our communities and cities
- be part of the conversations with experts to help achieve the goals
- choose the particular SDGs you can work on immediately
- help inform the ISO FM Taskforce on their work on standards around the SDGs

**SUSTAINABLE
DEVELOPMENT GOALS**

Let's work together to reach the 2030 goals. Learn more at:
